# Biomechanics - Sports performance

Podiatric biomechanics "the science that examines forces acting upon the foot and lower limb"

## XS-600 *Superlight*

## NEW COLOURS FOR SEPTEMBER 2010

Limited edition colours of the highly successful XS-600 shoe White/Silver, Red/Silver, Blue/Silver will be available September

These shoes have been designed in conjunction with Andrew James the clinical director of **ace** feet in motion official Podiatrist to the Welsh Rugby Union, Disability Sport Wales and Puma

"KARAKAL shoes achieve unprecedented levels of support, cushioning and control. Improved biomechanics are achieved by a combination of intelligent upper design coupled with a unique midsole. This stability not only improves movement around the court but also has the potential to reduce lower limb injuries"

Andrew James BSc(hons), BPhD, MChS  
Consultant Podiatrist and Clinical Director at ACE

## XS-600

NEW COLOURS FOR SEPTEMBER 2010

## XS-600

KARAKAL shoes achieve unprecedented levels of support, cushioning and control. The resultant foot stability is achieved by a combination of intelligent upper design coupled with a unique midsole. This stability not only improves movement around the court but also has the potential to reduce lower limb injuries

## XC-509

The innovative design of the KARAKAL Court - Gym is a perfect cross over shoe for the active individual who likes to use both Gym and Court. It provides all the control required of a superior court shoe whilst providing the cushioning required for a 5 mile run.

Andrew James BSc(hons).

## RENO SPORT WEAR COLLECTION

## BODY MAPPING

Essential for success in creating optimal micro climates is the mapping of the body's sweat zones. KARAKAL have developed a superior moisture wicking technology that aids Body Mapping. Constructed from Cool-Tec fabric these garments have strategically placed ventilation zones where your body generates heat whilst wicking away moisture to keep you cool, dry and comfortable.
