XS-600

KARAKAL shoes achieve unprecedented levels of support, cushioning and control. The resultant foot stability is achieved by a combination of intelligent upper design coupled with a unique midsole. This stability not only improves movement around the court but also has the potential to reduce lower limb injuries

XT-400

The innovative design of the KARAKAL Tennis Shoe with it's High Performance PU Upper, Anti twist lace system and Hi impact stayfresh Poron insole married to it's hard wearing rubber omni outsole with TPU stability system and foot cradle make this an ideal all court shoe.

Andrew James BSc(hons). SRCh.MChS
 Consultant Podiatrist and Clinical Director at ACE

BODY MAPPING

Essential for success in creating optimal micro climates is the mapping of the body's sweat zones. KARAKAL have developed a superior moisture wicking technology that aids Body Mapping. Constructed from Cool-Tec fabric these garments have strategically placed ventilation zones where your body generates heat whilst wicking away moisture to keep you cool, dry and comfortable.
